WINDSOR CENSUS METROPOLITAN AREA, 1976

PREFACE

This volume, Maps and Demographic Statistics for Selected Mother Tongue Groups, Windsor Census Metropolitan Area, 1976, has been produced for the Ethnocultural Data Base of the Ontario Ministry of Citizenship and Culture as part of its Multicultural Program, in support of the ministry's lead role in multiculturalism.

The major purpose of the Ethnocultural Data Base is to provide the Ontario Government with information about the patterns of residential settlement and the socio-demographic characteristics of Ontario's ethnocultural groups. As well, the information provided in this publication is expected to be helpful to other levels of government, business and industry, community organizations and agencies, post-secondary institutions, and the public generally.

The data included in this volume were compiled under the supervision of Dorene E. Jacobs, Research Officer, and Maryvèle Tetreault, Assistant Research Officer, Multiculturalism and Citizenship Division, Ministry of Citizenship and Culture with assistance from Anthony Zorzi and Brian Eastcott. The data were obtained from Statistics Canada with the assistance of R. N. Dalal, Data Management, and A. A. Kunachowicz, Information Services, Statistical Services Branch, Office of Economic Policy, Ministry of Treasury and Economics. Statistical typing was done at Kingston Penitentiary through the Inmate Employment Branch of the Correctional Service of Canada.

Additional copies may be obtained from the Ontario Government Bookstore. Also on sale there are similar sets of maps and demographic characteristics for selected mother tongue groups, 1976, for Ontario (province-wide) and for eight other Census Metropolitan Areas: Hamilton, Kitchener, London, Oshawa, Ottawa-Hull (Ontario part), St. Catharines-Niagara, Sudbury and Thunder Bay.

The Mother Tongue Atlas of Metropolitan Toronto, Volume I, 1971 and 1976, provides maps, charts and tables of the largest mother tongue groups in Metropolitan Toronto together with detailed profiles for each of the six municipalities within Metro.

The Ontario Government Bookstore is located at 880 Bay Street, Toronto for personal shopping. Out-of-town customers can write to Publications Services, 5th Floor, 880 Bay Street, Toronto, Ontario M7A 1N8. In Metro Toronto, call 965-6015. Outside Metro, dial 1-800-268-7560, toll free. In area code 709, call the operator and ask for Zenith 67200.

NOTES

Maps were produced by the Geocartographic Group, Statistics Canada and the Geographical Simulation Laboratory, University of Toronto. The demographic statistics are based on the 1976 Census of Population and Households, enumerated by Statistics Canada.

Similar sets of maps and tabulations of selected Mother Tongue groups for Ontario (province-wide) and for 8 other Census Metropolitan Areas in Ontario, as well as the Mother Tongue Atlas of Metropolitan Toronto, all of which are on sale in the Ontario Government Bookstore, are described in the preface on the preceding page.

In addition, tabulations for six smaller urban centres (Census Agglomerations) and for individual counties and regional municipalities (Census Divisions) are available from the Research Office, Multicultural Program, Ministry of Citizenship and Culture.

STATISTICS CANADA DEFINITIONS

Mother Tongue: The language first learned and still understood. Infants who have not yet learned to speak are considered to have as mother tongue the language most often spoken in the home.

Census Division (CD): General term applying to counties, regional districts, regional municipalities, etc. There are 53 Census Divisions in Ontario.

Municipality: Area with corporate status governed by Provincial and Territorial Acts.

Census Subdivision (CSD): General term applying to municipalities, Indian Reserves, unorganized territories and subdivisions.

Census Metropolitan Area (CMA): The main labour market area of an urbanized core (or continuous built-up area) having 100,000 or more population. CMAs are created by Statistics Canada and are usually known by the name of their largest city. They contain whole municipalities (or census subdivisions). CMAs are comprised of (1) municipalities completely or partly inside the urbanized core, and (2) other municipalities, if (a) at least 40% of the employed labour force living in the municipality works in the urbanized core, or (b) if at least 25% of the employed labour force working in the municipality lives in the urbanized core. In 1976 there were 10 Census Metropolitan Areas in Ontario.

Component: The municipality or census subdivision forming part of a census metropolitan area or census agglomeration.

Note: The Municipality of Metropolitan Toronto is a component of the larger Toronto Census Metropolitan Area and is also a Census Division. It is comprised of the six area municipalities: the Cities of North York and Toronto, and the Boroughs of East York, Etobicoke, Scarborough and York, each of which is a Census subdivision.

Census Family: Consists of a husband and a wife (with or without children who have never married, regardless of age) or a lone parent, regardless of marital status, with one or more children (who have never married, regardless of age) living in the same dwelling.

Family Structure: Refers to the classification of census families into husband-wife families or lone parent families. HUSBAND-WIFE FAMILIES consist of a husband and a wife (with or without children), or persons who live common-law (with or without children). LONE PARENT FAMILIES consist of a parent, regardless of marital status, with one or more children living in the same dwelling.

Family Head (1971 definition): The husband in a husband-wife family, or the parent in a one-parent family.

Mobility Status: Mobility status is determined by the response to a question relating to the individual's dwelling or place of residence five years earlier - June 1, 1971. Based on this question, the population is classified into non-movers or movers. NON-MOVERS are persons who, on Census Day (June 1, 1976), were living in the same dwelling they occupied five years earlier (June 1, 1971). MOVERS are persons who, on Census Day, were living in a different dwelling than the one occupied five years earlier. Movers can be further classified according to their geographic location of residence in 1971: for example, same census subdivision (municipality), different census subdivision, same province, different province, outside Canada, etc. Within the category "Movers", a distinction is usually made between non-migrants and migrants (i.e. migration status): NON-MIGRANTS are movers who, on Census Day, were living within the same census subdivision they resided in five years earlier. MIGRANTS are movers who, on Census Day, were residing in a different census subdivision than five years earlier, including other provinces or outside Canada.

Labour Force: Refers to the non-inmate population, 15 years of age and over who, in the week prior to enumeration, were (a) employed or (b) unemployed.

(a) The EMPLOYED consists of persons who, in the week prior to enumeration, (i) worked for pay or in their own business, farm or professional practice; (ii) helped without pay in a family business or farm; or (iii) had a job from which they were temporarily absent because of illness, vacation, labour dispute at their place of work, training course (provided the job was held until trainee's return), bad weather, fire, personal reasons, etc.

(b) The UNEMPLOYED includes persons not classified as employed who, in the week prior to enumeration, (i) looked for work and were available to start work. As well, the Census Instruction Booklet asked persons who would have actively looked for work, but did not for certain specific reasons, to answer "yes" to the "looking" question. Those reasons were: temporary illness; indefinite layoff (exceeding 30 days) from a job to which they expected to be called back; or belief that no work was available in their community; (ii) were on temporary lay-off, not exceeding 30 days, from a job to which they expected to return (excluding full-time elementary and secondary school students); or (iii) had definite arrangements to start a new job at a future date (excluding full-time elementary and secondary school students).

Participation Rate: The percentage the total labour force (employed plus unemployed) forms of the population 15 years of age and over in the area or category.

Unemployment Rate: The percentage the unemployed labour force forms of the total labour force in the category or area.

Not in the Labour Force: Refers to persons who were inmates of institutions, or who did not work, or look for work, were not on temporary lay-off and did not have a job from which they were absent because of illness, etc., in the week prior to enumeration. (For further detail on the Labour Force Definitions, see Dictionary of Census Terms, catalogue 12-540).
